

BRENTWOOD BAY Gallery

Call for Submissions

First Nations Art

Calling for submissions, the Gallery at Brentwood Bay Resort & Spa invites artists to submit examples of artworks for an exhibition opening January 31st 2015. We will consider the full range of traditionally-based and innovative forms of painting, drawing, prints, photography, jewelry, carving, textiles, mixed media, and sculpture. This opportunity is open to both emerging and established First Nations, Metis, and Inuit artists - from student to professional.

Artists participating in this show will have their work displayed throughout the Resort, will have their biography and a photo on the Gallery [website](#), and will be invited to the opening reception.

The Gallery at Brentwood Bay Resort & Spa reopened in July 2014 after lying dormant for several years. Since then, there have been two art shows that featured all British Columbia artists and artwork. We value artists and the wealth of culture they provide not only to be enjoyed in our space, but to our local community, and in Canada as a whole. We are proud to showcase local artists from BC who are responsible for contributing to the progression of Canada as a thriving contender in the contemporary art world. The goal of our art program is to create spaces rich with texture, colour and culture while providing a world class venue for artists to showcase their work to an audience of worldwide guests.

Submission Deadline: January 15th, 2015
