- ✦ increase the accessibility of the NCCP to Aboriginal coaches;
- ✦ increase the capacity of non-native coaches to coach Aboriginal athletes;
- ✦ improve the quality of the sport experience for Aboriginal athletes;
- ✦ increase the number of Aboriginal certified coaches;
- ✦ improve the understanding of the application of Aboriginal cultures in sport and coaching;
- ✦ Make the wisdom of Aboriginal culture available to mainstream sport.

Facilitated by Dorothy Paul:

- ✦ **Holistic approach to coaching**
- ✦ **Racism in sport including definitions that may be useful in a discussion of racism**
- ✦ **Topics on lifestyle, health and nutrition**

Coaching young people offers an opportunity to make a difference in this world. Sport can be about developing a sense of community and common purpose. Sport can foster better health conditions, social skills, and community healing. Coaching Aboriginal youth in Aboriginal communities provides the coach with opportunities for personal growth and development, as well as youth development and community development.
