Some friendly reminders to keep you and your family safe during holiday season!

- Please check the water level for fresh-cut Christmas trees on a daily basis – this will ensure the tree does not dry out too quickly
- Be safe with candles – before leaving home or going to bed please ensure that candles are not still lit
- When leaving home for an extended time, have a neighbor or family member watch your house and pick up your newspapers and mail.
- Leave a radio or television on so the house looks and sounds occupied.
- Large displays of holiday gifts should not be visible through the windows and doors of your home.
- When setting up a Christmas tree or other holiday display, make sure doors and passageways are clear inside your home.
- Be sure your Christmas tree is mounted on a sturdy base so children, elderly persons or family pets cannot pull it over on themselves.
- If you use lights on your Christmas tree ensure the wiring is not damaged or frayed. Frayed or damaged wiring can cause a fire.
- Never place wrapping paper in your fireplace

Thank you,

Have a safe and happy holiday season!
