

## Introduction to Trades Program

Students will be introduced to the terminology and culture of various trades industries. The safe use of tools and equipment, and the proper use of personal protective equipment will be covered, along with an overview of regulations. Participants will practice skills in a lab or shop environment. Trades programs to be covered will include carpentry, electrical, welding, and general mechanics.

### Dates/Schedule:

**12 weeks:** Monday-Friday,  
March 24-June 13, 2014  
(no classes April 18, 21, May 19)
